

Advanced Fellowship in Quantum Information

£27,929 – £36,959

Applications are sought for this four year Scottish Universities Physics Alliance (SUPA) post. Ideally, you will be a researcher with an excellent track record in quantum information. You will be expected to align with the Optics Division and contribute to the photonics theme of SUPA (www.supa.ac.uk).

For an application pack (available on request in alternative formats for applicants with a disability), visit Vacancies at our website www.strath.ac.uk or contact the Personnel Office, University of Strathclyde, Glasgow G1 1XQ, tel: 0141 553 4133 (24 hour Voicemail Service) quoting Ref 29/06.

Applications closing date: 31 May 2006.

Some University posts will be subject to a pre employment Disclosure Scotland Check.
